Ventilation	Functional in-situ
Water supply	Functional in-situ
Drainage and sanitary conveniences	Functional in-situ
Facilities for preparation and cooking of food	Yes
Facilities for the disposal of waste water	Functional in-situ

Tenancy Guidance Notes

An inventory is a report, which not only includes the internal condition of the property but also gives an accurate description of the fixtures and fittings. It is compiled shortly before the commencement of the tenancy and checked at the termination for any dilapidations that may have accrued during the term of the tenancy.

Fair wear and tear allowance is taken into consideration for the full term. The guidelines set out below are intended to assist the check out at the end of the tenancy and, if adhered to, should result in charges incurred, if any, being kept to a minimum.

Cleaning

The property should be clean and tidy upon departure. A cleaning charge may be incurred if the property and, or fixtures and fittings, are left in an unsatisfactory state. Please ensure correct cleaning materials are used for different surfaces (bath, windows etc). Laminate flooring should be cleaned using a dry or slightly damp cloth/mop - water saturation will cause damage.

Carpets

You may be charged for cleaning any marks, stains etc. and for part, or all, of the cost of damages.

Decoration

Fair wear and tear will be taken into consideration, however, you may be charged for tearing to wallpaper, excessive chips to woodwork and plaster damage caused by pins, nails, screws etc., being driven into walls. Light bulb/smoke alarm battery replacement is the responsibility of the tenant.

Stored Items

Any items stored or moved during the tenancy must be returned to their original location, and where applicable, cleaned and ready for use. A charge will be made if boxed/stored items need to be returned to inventory location after you have left.

Keys

All keys to the property must be handed over to the Agent prior to the inventory check out, or if the tenant is attending the check out, they must be handed over to the inventory clerk at that time.

Additional Notes

Any amendments / alterations or queries regarding the inventory are to be highlighted with the letting agent within 7 days of the check in. Any alterations made to the inventory outside this 7 day period will not be considered.

Safety Disclaimer

This inventory provides a fair and accurate detailed record of the contents of the property and their condition plus the internal condition of the property.

The person who compiled the inventory is not an expert in fabrics, woods, materials, antiques, arts, colours etc. nor are they a qualified surveyor. The inventory should not be used as an accurate description of each and every piece of furniture and equipment, nor as a structural survey report.

Property left in lofts, cellars, garages, sheds and locked cupboards or rooms, which have not been inventoried, are the sole responsibility of the Landlord.

Disclaimer

Furniture and Furnishings

This inventory relates only to the furniture, furnishings and all of the Landlords equipment and contents in the property. It is no guarantee of, or report on, the adequacy of, or safety of, any such equipment or contents, merely a record that such items exist in the property at the time of the inventory and the condition perceived of it.

The heating system, gas or electrical appliances and any other fixtures and fittings in the property have not been tested for this inventory and, therefore, no guarantees are given in respect of them.

Furniture and Furnishings (Fire) (Safety) Regulations 1988 - As amended 1994

If requested by the Landlord or Agent and where it is possible to identify that furniture and furnishings comply with the above regulations, it will be recorded on the inventory. If not recorded on the inventory, identification was not visible or present.

helpful Hints

It is important to note that items must be returned to their respective rooms on termination of the tenancy. Failure to do so can result in delays and confusion and can lead to a search fee being added on at checkout.

We cannot undertake to move heavy items of furniture or large pots. Plants are considered perishables.

We cannot search inaccessible places to locate items or check lofts. All electrical items are considered to be pleased with plugs, bulbs and flexes etc, unless specified otherwise. We will test electrical equipment for power only when practical.

Helpful hints

- The following notes have been compiled for your convenience to help facilitate a speedy and problem free move at the end of your tenancy.
- We hope you enjoy your stay in the property.
- It is the tenant's responsibility to return all items to their original position at the end of the tenancy. Should the inventory clerk have to search for items it may result in charges being made to the tenant.
- The agent or landlord must be informed of any items removed from or added to the property. Failure to do so may result in charges being made for replacement items removed.
- All items on the inventory are assumed to be in a good, clean, undamaged order unless qualified by marginal note.

Cleaning

This must be thorough. Main areas of concern are:

Sanitary wear, Windows, hard floors, woodwork, kitchen appliances including kitchen units, shelves, oven hoods, refrigerators, wardrobes and drawer units.

The standard of cleaning is not satisfactory most agents or landlords will employ a contract cleaner and their account will be added to the dilapidation's report.
